

Size Guide

All Price & Buckland garments are made to fit the exact size your child measures. So if they measure 32" you would order a size 32" which is proportionally correct.

To measure please use the guide below.

- ① **Chest** - Place tape measure close under arms, ensuring you measure chest at the fullest part
- ② **Waist** - Measure around the natural waistline
- ③ **Hips** - Measure around the fullest part of the hips

Other Sizes

For all our garments that do not come in inch sizes see below.

For example if you are ordering microfibre shorts then measure your child's waist. If they measure a 28" then you would order a size 11/12.
